

Our remit as Governors of Barnwood Park

As Governors, we are volunteers who invest our time to ensure Barnwood Park provides an excellent education. We have three main duties:

- Setting the long-term vision and priorities for Barnwood Park
- Making sure the Headteacher provides an outstanding learning experience in a safe environment.
- Ensuring the money given to Barnwood Park is used to get best value.

We have a vital role to play in improving performance and making sure all our students receive the best possible education. We understand our responsibilities and bring a wide range of skills and experience to benefit the school. We have high expectations and want to make a significant contribution to the life of Barnwood Park.
