

Our Remit as Governors

As members of the governing board, we are responsible for making sure the school provides good quality education. Together, with the headteacher, we set the school aims and policies.

We:

- Are accountable for the performance of the school.
- Help plan for the school's future.
- Select the headteacher.
- Make decisions on the school's budget and staffing.
- Make sure the National Curriculum is taught.
- Ensure the school encourages students' spiritual, moral and cultural development.
- Make sure that the school provides for all its students, including those with additional needs.

Barnwood Park School has a governing board that includes:

- Parents elected by other parents of children at the school
- Citizens nominated by the local authority
- Members co-opted from the community
- School staff, including the headteacher
